AUDIT AND RISK COMMITTEE

CHARTER

PURPOSE

The Board of Directors of EZCORP, Inc. (the "Company") maintains the Audit and Risk Committee (the "Committee") for the primary purpose of assisting the Board in fulfilling its responsibilities to provide oversight with respect to:

- The reliability and integrity of the financial statements and other financial information provided by the Company to any governmental body or the public;
- The Company's auditing, accounting, financial reporting and disclosure policies, practices and processes;
- Systems of internal control implemented and maintained by the Company;
- The qualifications, independence and performance of the Company's independent auditors;
- The performance of the Company's internal audit function;
- The establishment and maintenance of processes to assure compliance with all applicable laws, rules and regulations and all Company policies; and
- The Company's risk management framework, including operational, information security, compliance, regulatory, financial, strategic, reputational and other risks.

While the Committee has the oversight responsibilities and duties set forth in this Charter, the Company's management is responsible for designing, implementing and maintaining effective disclosure controls and procedures, adequate and effective internal control over financial reporting, and an effective risk management program.

STRUCTURE AND OPERATIONS

Composition and Qualifications

The Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be "independent" under the standards for audit committee members and shall otherwise satisfy the requirements and qualifications for audit committee membership, all as set forth in the applicable provisions of the Securities Exchange Act of 1934 and the rules promulgated thereunder, the applicable provisions of the Nasdaq Listing Rules and any other applicable legal or regulatory requirement. In addition, no director may serve as a member of the Committee if such director serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to serve effectively on the Committee.

All members of the Committee shall have sufficient financial experience and ability to enable them to discharge their responsibilities. At least one member of the Committee shall, in the judgment of the Board, have past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual's financial sophistication and shall otherwise satisfy the requirements of an "audit committee financial expert," as defined by applicable rules of the U.S. Securities and Exchange Commission (the "SEC").

Appointment and Removal of Members

The members of the Committee shall be appointed by the Board. An appointed member shall serve until such member's successor is duly appointed or until such member's earlier resignation or removal. Any member of the Committee may be removed, with or without cause, by the Board.

Designation and Duties of Committee Chair

The Board shall designate one member of the Committee to act as Chair of the Committee. The Chair will preside over all sessions of the Committee, will set the agenda for Committee meetings and will perform such other duties and responsibilities as may be designated from time to time by the Committee. If the Chair is absent for any meeting of the Committee, the members present at such meeting (assuming they constitute a quorum) shall select one of their number to preside over such meeting.

Resources

The Committee shall have the authority to retain and consult with special legal, accounting or other consultants to advise the Committee, as the Committee deems necessary, appropriate or desirable. The Committee shall determine the appropriate funding needed by the Committee and have sole authority to approve compensation to any advisers employed by the Committee and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee is delegated all authority of the Board as may be necessary, appropriate or desirable to fulfill the purposes of the Committee. The Committee may form and delegate some of all of its authority to subcommittees when it deems appropriate.

Meetings

The Committee shall meet as frequently as the Committee deems necessary, appropriate or desirable. Such meetings will include, at minimum, quarterly consultation with management and the Company's registered independent public accounting firm (the "Independent Auditor") to review the Company's financial statements and reports consistent with the Committee's responsibilities. Meetings of the Committee may be called by the Chairman of the Board or any Committee member.

The Committee shall meet regularly in separate executive sessions with the Independent Auditor, the head of the Company's Internal Audit function (the "Internal Auditor") and such other members of management as the Committee deems appropriate to discuss matters warranting attention or private consideration by the Committee.

The Committee may request any officer or employee of the Company or any representative of the Independent Auditor, the Company's outside counsel or any of the Company's other

advisors to attend a meeting of the Committee or to meet with any members of, or consultants or advisors to, the Committee.

Reports to Board

The Committee shall report its actions and any recommendations to the Board after each Committee meeting.
