Instant Quote gives customers a fast, easy first step to quick cash—delivering online quotes for electronics before they even visit the store

AUSTIN, Texas, Dec. 2, 2025 /PRNewswire/ -- EZPAWN, part of a family of stores owned by EZCORP, Inc., is excited to announce the launch of its new Instant Quote tool, now live for all U.S. EZPAWN stores nationwide. This innovative online feature, available at ezpawn.com, empowers customers to receive fast, accurate quote ranges for their electronic items if they wish to pawn or sell the item prior to visiting a store first.

The Instant Quote tool currently supports 15 key electronics categories, including game consoles, laptops, tablets, smartphones, LED TVs, smartwatches, and more. This web-based application empowers users to receive real-time quote ranges within seconds for electronic items by simply entering basic details such as brand, model, and condition.

How It Works:

- Customers access Instant Quote via the EZPAWN website (<https://ezpawn.com/online-pawn-quote> or click "Get a quote" at the top of the page) and enter details about their electronic items.
- The system instantly evaluates the details entered by the customer and provides an estimated value range based on the information entered, our database, and current market trends.
- Customers receive their quote via email and can use the Store Locator feature to find their nearest location for final evaluation of their electronic item, receive a final quote, and complete the transaction that best meets their financial needs.

"Instant Quote is a game-changer for our customers, giving them the power to get fast, reliable valuations for their electronics online before they even step into a store," said Scott Sundheim, Chief Marketing Officer. "We're excited to offer this innovative tool in the pawn industry, and make it easy for customers to get quick, reliable quotes online, saving them time and giving them a hassle-free experience from start to finish."
